DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

506 Evesham Avenue is a two bay, two story shingled cottage style house. A slate shingled, gabled roof is topped with a brick chimney at the exterior left, and two shed dormers. Within each dormer is a small double window divided by a mullion. Each encased sash of the dormer windows contains four lights. Second story windows are similar, except larger, and have double hung 1/1 lights. In the left bay of the first story is a bayed projection with three windows. Each window is double hung with 6/6 lights. The main entrance is simply designed. First story facade material is white clapboard. An open porch, projecting from the first story, is supported by three wooden piers and has a balustrade atop.

506 Evesham Avenue fronts the newly constructed Northern Parkway at York Road. A well-designed buffer between the Parkway and this row of houses fronting Evesham Avenue would be desirable.

## STATEMENT OF SIGNIFICANCE

506 Evesham Avenue, designed after 502 Evesham at the corner of York, is a characteristic type of architecture in early twentieth century Govans. This particular shingled cottage style house, however, is unique among the variations of this style in the area. The double shed dormers and the open walk create this distinction in the building.
